| Team ID | PNT2022TMID37693 |
| Project Name | Project-Traffic And Capacity Analysis For Major Ports |
| Maximum Marks | 4 Marks |

| Phase of Journey Describing experience in each steps | Discovery Why do they start the journey? | Login How the user enter to use? | Onboarding and First Use How can they feel successful? |
|---|---|---|---|
|  Actions What does the customer do? And What they look for? | <div>View the Traffic and Capacity analytics on ports</div> <div>Search the database across the ports</div> | <div>Start Free Trial</div> <div>Connect their private account</div> | <div>Explore the dashboard options</div> <div>Track the status of the ports</div> <div>Use filters to customize the view of ports</div> |
|  Interactions What interactions do they have at each step along the way? <ul style="list-style-type: none"> People: Who do they see or talk to? Places: Where are they? Things: What digital touchpoints or physical objects would they use? | <div>Company Portal</div> <div>Public Sector Website</div> <div>Freight Monitoring</div> | <div>Login or Sign up</div> <div>Verification through email</div> | <div>Dashboard</div> <div>Visualize Port Status</div> <div>View Information of Particular Train in Port</div> |
|  Goals & motivations At each step, what is a person's primary goal or motivation? ("Help me..." or "Help me avoid...") | <div>To view Rail Traffic Status at each Port</div> <div>To get properly predicted Congestion</div> | <div>I use special options to work</div> <div>I don't give personal datas</div> | <div>Transportation of Rails across ports can be handled smoothly</div> <div>Traffic can be predicted and avoided in future</div> <div>Status of rails at each ports were tracked</div> |
|  Customer Feeling What is the customer feeling? |  |  |  |
|  Areas of opportunity How might we make each step better? What ideas do we have? What have others suggested? | <div>Additional Service Suggested</div> <div>Suuply Chain can be improved</div> | <div>Review the History</div> | <div>Communicate with other Users</div> <div>Providing Container Tracker tool</div> |
